

2012 World Galloway Conference
Guelph Ontario Canada
Wednesday 3rd October 2012

Secretary's Report

I have eventually recovered all the files from the old World Galloway Website and have sent them as pdf files to all member associations to put on their website. If there is any information that was not included for any of the past Conferences can you please organise for that information to be sent to me. I will then pass this information on to the other associations. The information for the 2002 Muster Down Under is to be sent out at a later date as it is recovered.

On the completion of this World Galloway Conference I will send out the information from this event.

Maria & Remmer Rieken have advised that the German Belted Galloway Society is no longer active. However we are pleased to see that they have come to Guelph to join us and to continue their involvement with Galloways and Belted Galloways around the world.

I hope that the promotion of Galloways and Belted Galloways is being rewarded with good membership numbers and sales.

I am looking forward to an enjoyable conference here in Canada and hope to attend the next conference in Germany.

Best wishes

Jane Bradley
